# AMACC Rev. A CN1 Library v1.2

## 1. Release Identifier

### 1.1 Previous Release

The previous release package for the AMACC Library was identified as:

- **Filename:** ‘AMACC Rev. A Library v1.1’

The AMACC Library was identified as:

- **Filename:** ‘AMACC\_Combined\_Ver1.1’
- **Version:** 1.1

### 1.2 Current Release

The current release package for the AMACC Library is identified as:

- **Filename:** ‘AMACC Rev. A CN1 Library v1.2’

The AMACC Library is identified as:

- **Filename:** ‘AMACC\_Combined\_Ver1.2’
- **Version:** 1.2

## 2. Release Package

### 2.1 Release Notes

This release of the AMACC Library is pursuant to the AMACC Revision A Change 1 document and includes all chapter material as well as the inclusion of the AMACC appendices; these include Appendix A through Appendix M and Appendix O through Appendix T (Appendix N was incorporated into the AMACC and deleted).

All Project Usages can be found in the ‘Read Only Project Usages’ Folder withing the Release Package.

### 2.2 Current Release Package Contents

The AMACC Library Package contains the following:

1. AMACC v1.2 Library – ‘*AMACC\_Combined\_Ver1.2.mdzip*’
2. Read Only Project Usages Containment Folder – ‘*Read Only Project Usages*’
3. AMACC v1.2 Release Notes – ‘*AMACC v1.2 Release Notes*’

## 3. Environment Setup

The following are the minimum tools and plugins needed to utilize the ‘AMACC v1.2 Library’

- CAMEO Systems Modeler or Magic Draw – Version 19.0 SP3
- SysML – Version 19.0 SP3

## AMACC Rev. A CN1 Library v1.2

**Note:** If attempting to use project usages independently of the aggregate model 'AMACC\_Combined\_Ver1.2', then the file 'Airworthiness\_Profile\_RevA' MUST be loaded into the model project first for the content to display properly.

### 4. AMACC Library Content Changes

This update to the AMACC v1.2 Library only includes the addition of content contained within the AMACC Rev. A C1 document appendices.

### 5. AMACC MBSE POCs
